REMEMBER SEPT. THE 12th.

The Day of the Local Option Election.

Local Option at Mayfield.

To Whom it May Concern: We the undersigned professional and business men of Mayfield, Ky., state that Mayfield has been a local option town for more than 30 years, and that as an evidence of the satisfaction of its citizens, from both a moral and financial standpoint, the majority for temperance was overwhelming at the last election, in fact the largest in its history. We have a prosperous town, of about 7,000, not a vacant business house in it, several new ones recently built and others under course of erection. A large number of dwelling houses have been erected this year. Our laboring people are prospering and well provided for, and their earnings, which in whisky towns usually go to the saloons, are here expended for the necessities and pleasures of their families.

We Most Heartily Endorse Local Option.
Signed,

R. O. Hester, Attorney at Law.
C. R. Roberts, Shoes.
N. A. Hale, Bank Cashier.
W. H. Benjamin, Sec. D. & L. Association.
J. E. McKeel, Sec. Mayfield Mfg. Co.
G. O. Duncan, Sec. of Old Woolen Mills.
Cumey & Long, Vehicles.
Carter & Slaughter, Dry Goods.
B. C. Seay, Attorney at Law.
W. S. Foy, Attorney at Law.
McElwrath & Brooks, Dry Goods.

LOCAL OPTION AT CAMPBELLSBURG.

To Whom it May Concern: Campbellsburg has been under local option for a number of years. The fact that only four votes were cast against it at our last election, which was held just a short time since, shows that our people are thoroughly satisfied without saloons. We do not hesitate to say that our town has been greatly benefited both in a moral and financial way, by the voting out of whisky from our midst. Our home life is better, our public morals are better, and we now have a perfectly safe town in which to raise and educate our children. No man who has boys, ought to hesitate one moment in deciding what to do when it comes to a vote on local option. Local option will also help the business of any community.

Signed.

How Does the Senator Stand?

As Senator McCreary is said to be endeavoring to corral the elements who are opposing Gov. Beckham because of his enforcement of the laws against liquor selling on Sunday and his efforts in behalf of the county unit bill, may we, as an old friend and supporter for more than 30 years, ask the Senator:

1. Are you for or against the enforcement of the Sunday law?
2. Are you for the county unit law? If not, are you against it or indifferent to its results?

An honest answer to these questions will greatly simplify the Senator. To oppose them and triumph over the man, by reason of them, who is obeying his oath to see that the laws are properly executed, and who made the passage of the county unit law possible, will be a sad blow to the temperance cause in Kentucky. It will set the efforts of those who have worked for its advancement back fully a score of years. To punish a man for observing his oath and trying to insure to each locality the right of self-government will be a notice to all others that the liquor power is in the saddle in Kentucky, and no one need dare to try to fly in its face. Senator McCreary may not answer the questions now, but he will be forced to come out in the open by Gov. Beckham before the campaign is over, and he had as well make a virtue of a necessity and state his position at once.—Frankfort Journal.

LITTLE LATE BUT GOOD.—Hon. Harvey Helm, of Stanford, was declared the democratic nominee for Congress by the committee which met at Nicholasville Friday. This paper has had much to say, from time to time, regarding the many sterling qualifications of Mr. Helm, and our readers are aware of the fact that better Congressional timber could not have been obtained. Young, brilliant, true to his friends and an indefatigable worker, he will make a record of which his constituency will feel justly proud. If every district is represented by an equally capable man, the Kentucky delegation will be heard from in the next Congress.—Central Record.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural you can hardly realize that it is produced by a medicine. These tablets also cure indigestion and biliousness. Price 25c. Samples free at Stanford Drug Co.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard. Price 50c and \$1.00. Trial bottle free.
